EDUCATION

Mahatma Gandhi University

Bachelor of Computer Application

Current GPA: 7.90

Mar Augusthinose College Ramapuram

June 2022

COURSEWORK

Courses: Object-Oriented Programming, Data Structures & Algorithms, Cybersecurity, Cloud Computing, Web Development, Database Management Systems, Operating Systems

SKILLS

Languages: C/C++, Python, Java, JavaScript, HTML/CSS,

Tools: Git/GitHub, VS Code, PyCharm/IDEA, Atom

PROJECTS

Project Title: Blood Bank and Donation Management System

Description: Developed a fully functional front-end web application using HTML and CSS for managing blood donation activities. The system allows users to register, search for blood banks, schedule appointments, and donate blood.

Technologies Used: HTML, CSS

Features Implemented: User registration and login functionality Search functionality to find nearby blood banks Appointment scheduling system for donors Responsive design for compatibility across devices

Project Role: Sole Developer

Project Duration: JAN2024-FEB2024

Outcome: Successfully created a user-friendly interface for managing blood donation activities, contributing to community health initiatives.

EXTRA CURRICULAR SECTION

Tata Cybersecurity Security Analyst Job Simulation on Forage

March 2024

* Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.

* Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.

* Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

FreeCodeCamp Responsive Web Design Certification

Platform: FreeCodeCamp

Description: Successfully completed the FreeCodeCamp Responsive Web Design certification, demonstrating proficiency in modern web design principles, HTML, CSS, Flexbox, and responsive design techniques.
